

## **Matej Andrejašič Bio**

Matej Andrejašič finished his undergraduate studies at the Faculty of Mathematics and Physics, University of Ljubljana, Slovenia, in 2009 and he received his PhD degree in physics at the University of Nova Gorica, Slovenia, in 2014 from the field of automatic aerodynamic optimization. He has been employed at Pipistrel R&D for the past 10 years, working in different fields of aircraft design and prototyping. For the past three years he has been the Head of the Aerodynamics Department and is responsible for aerodynamic studies and CFD simulations done for internal and external projects, as well as for European research projects.
